## Season's Greetings from Allure

Amid the hustle and bustle of the Holiday Season we would like take a moment or two to share some exciting developments happening right now. Your Providers and Staff at Allure are preparing for a relocation to the Euclid corridor near Downtown Upland.

We have been praying for resolution of current building and management issues, and they were answered by a lovely client who suggested out of the blue that we investigate other local properties.

Mina was instantly smitten by the prior Union Bank at Euclid and 9th despite protests (from one who shall remain unnamed) that we could get by with a smaller venue. We have some exciting plans in store for our Allure family. Still in the planning and development phase, we are not sure how many of our over-the-top concepts and design that you know we will provide will be feasible in our beautiful new space.

As always with new plans and construction there are snags and pitfalls. We were promised speedy development and delivered nothing for several months, and now are having to start from square one! A setback yes, but maybe a blessing in disguise...we are partnering with a new competent and innovative contractor and things are feeling very right.

We are respectfully asking now, for a bit of patience and understanding as we march forward. We obviously cannot be up and running in the new Bank Building, (Mina's new beauty vault), but our new landlords have been kind enough to rough in a temporary smaller space on the floor above our new location! We and they are scrambling like crazy so that we may be ready for you in the New Year,

So....if you can pardon our construction issues and temporary treatment area we will be ready as possible for you Monday January 6, 2020 at 188 N. Euclid, (upstairs for now.)

As a late stocking stuffer, we will be having a drawing for 3 winners from our 1st 100 appointments (with treatment) at the new location . 1st place will receive muscle smoothing neuro-modulator and hyaluronic volume replacement valued at over \$1000, 2nd place volume replacement valued at \$700 and 3rd place muscle smoothing valued at over \$350.

Good luck and stay tuned for the next progress report, and Best Wishes for an exciting and prosperous New Year!

Sincerely,

Dr. G., Mina and your awesome Allure Staff
